THE ISLAND · TURKS & CAICOS

An Island Kept Lightly

Pine Cay is an 800-acre private island in the Turks & Caicos, two miles long and shaped — as its own telling goes — like a seahorse, east of Providenciales. Its north shore is a single two-mile beach.

First developed in the 1950s by Count Ferdinand Czernin, its club — The Meridian Club, founded in the Seventies — is the longest continually operating hotel in the Turks & Caicos, trading today as Pine Cay, a member of Relais & Châteaux.

ROOMS AND SUITES
AT THE CLUB

STAY

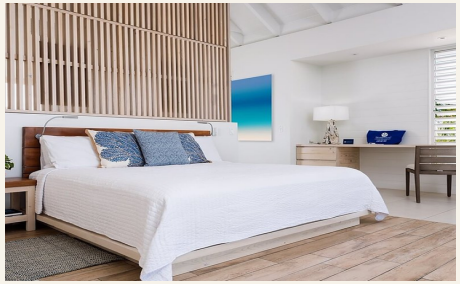

The Club and the Homes

The club's rooms stand in two rows behind the beach — ten Beachfront Rooms, two Ocean Front Cottages and the Beach House apart with its own pool — and eight private homes are let through Pine Cay Properties, the island's own rental arm.

THE BUILDINGS

Beachfront Rooms	ten rooms · 800 sq ft
Ocean Front Cottages	two cottages · 900 sq ft
The Beach House	one bedroom · private pool
Private homes	eight homes · Pine Cay Properties

Each Beachfront Room has a screened porch, a beach tiki and a waterfall shower carved from local stone; the cottages add a golf cart, and the Beach House its own solar system. Interiors are bleached wood and white walls; the tap water is filtered rainwater. Home guests hold the same benefits as club guests.

LIFE ON THE ISLAND

Life on the Island

THE TABLE

Three gourmet meals a day are included, with afternoon tea, at the poolside Clubhouse or the Tiki Beach Bar. On Saturday nights the homeowners join the beach barbecue, and the pastry kitchen is a point of pride — a stay is measured in desserts as much as in swims.

THE WATER

A boat goes out daily to snorkel the reef — or the reef balls, concrete spheres seeded fifteen years ago that now hold a nursery of fish. Diving runs with Big Blue Collective, the bonefishing flats lie behind the west shore, and humpback whales pass from January to March.

DAYS ON THE ISLAND

Tennis, an 8-kilometre cycle route, a gym and weekly yoga on the beachfront balcony; the Sand Dollar Spa keeps two treatment rooms and a Balinese therapist. Glow-worm cruises run five nights after the full moon, and the day ends watching for the green flash at sunset.

THE REGION · THE CAICOS CHAIN

East of Providenciales

Pine Cay sits mid-chain in the Caicos cays, running east from Providenciales toward North Caicos. Grace Bay, on Providenciales' north shore, lies some eight miles west — close enough for a boat trip to its restaurants, far enough that none of its bustle crosses the water. The cays around Pine Cay — Water Cay, Fort George Cay, Dellis Cay and Parrot Cay — are uninhabited or hold a single resort each.

Offshore, the reef guarding the chain's north shore belongs to the third-largest barrier reef system on earth; inside it, the water over the Caicos Banks runs in bands of turquoise over white sand. North Caicos, the garden island, lies beyond the cays to the east — its settlement at Bottle Creek is about eleven miles away.

GETTING THERE

Twenty Minutes by Boat

FLY

TO PROVIDENCIALES (PLS)

Providenciales International is the gateway — about ninety minutes by air from Miami, with connections onward through the Caribbean and North America.

15 + 20 MIN

TAXI, THEN THE BOAT

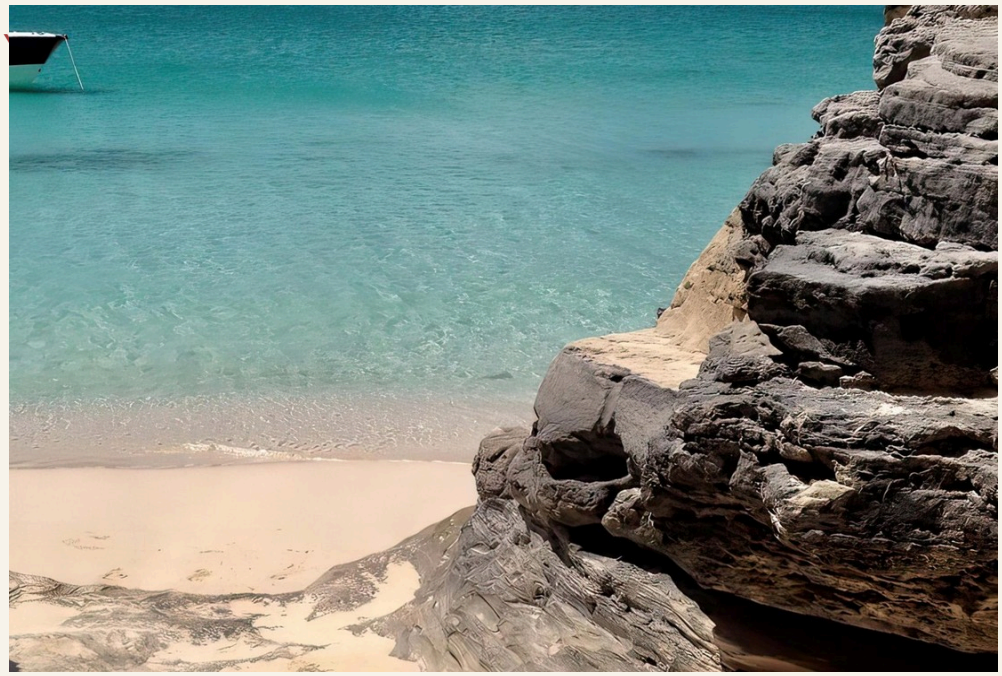

A fifteen-minute taxi crosses Providenciales to the marina, and the island's own boat makes the crossing to Pine Cay in about twenty minutes.

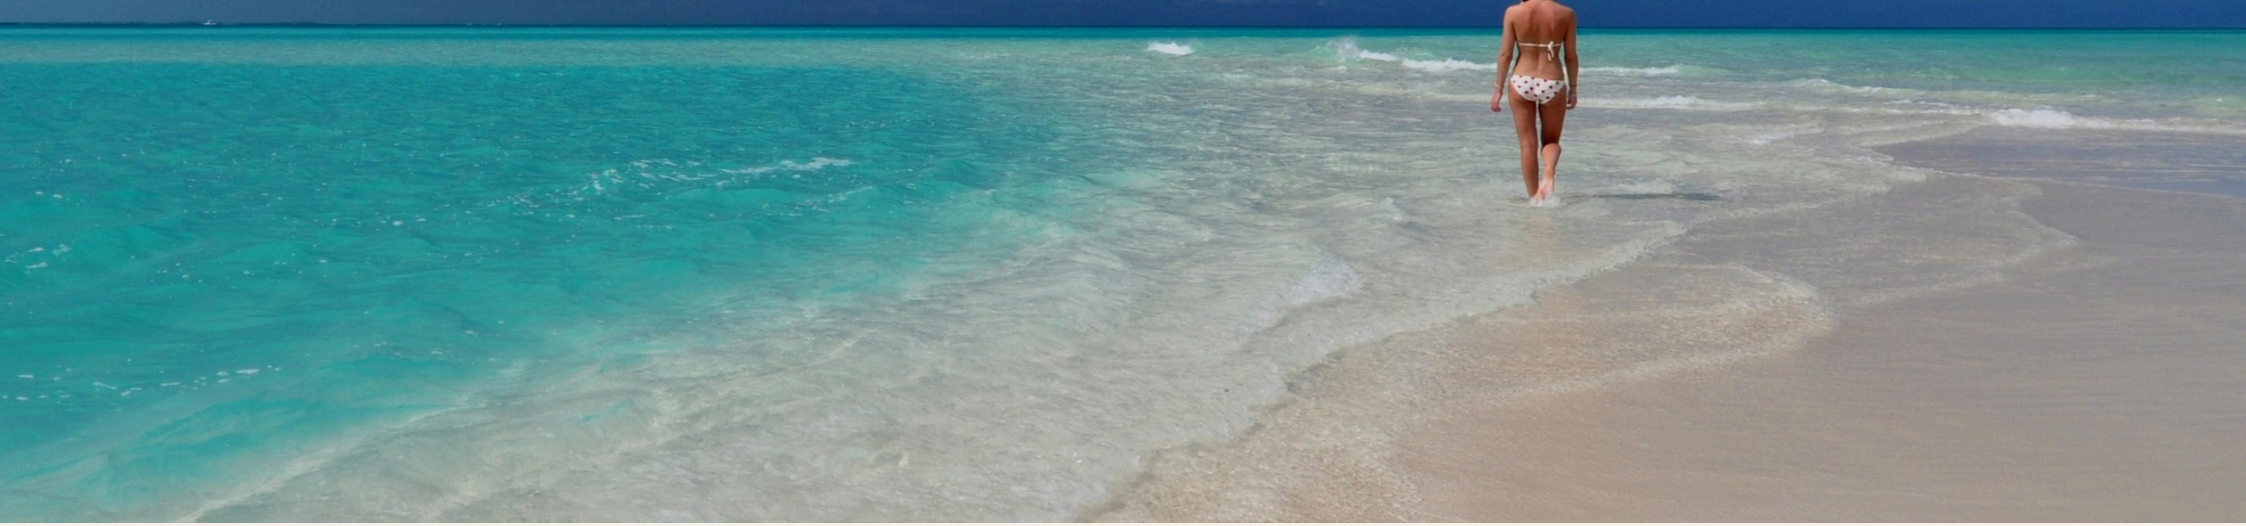

AIR TAXI

THE ISLAND'S OWN RUNWAY

Pine Cay has its own tarmac airstrip. Charter flights land from Providenciales, clearing customs there first; the club is a short cart ride from the strip.

Transfers run in daylight — land at Providenciales by 2:30 PM for the last transfer at 4:30 PM; after dark a night boat can be chartered. Beverages and transfers are not included — every meal, and afternoon tea, is.

CLIMATE

The Caicos Year

SEASON	HIGHS	LOWS	SEA	
DEC – APR	81–84°F	68–70°F	77–79°F	The dry season — steady trade winds; humpback whales pass offshore, January to March
MAY – JUN	86–88°F	72–73°F	81–82°F	Early summer — the sea warming and the island at its quietest
JUL – SEP	90°F	73–75°F	82–84°F	High summer — August is the warmest month, and the water is at its warmest
OCT – NOV	84–88°F	72–73°F	82–84°F	Autumn — most of the year's rain falls in these months; hurricane season ends in November

THE SHORT VERSION

Figures are the long-term averages for Providenciales (WeatherSpark), the island's gateway, some fourteen miles west. The sea is warm enough to swim in all year.

THE PRIVATE BRIEFING

74

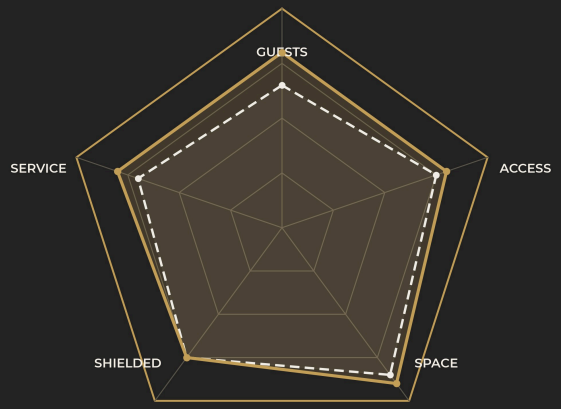

PRIVATE BUT CONNECTED

ROOM STAY · PRIVACY INDEX / 100

81

HIGHLY PRIVATE

WHOLE ISLAND · PRIVACY INDEX / 100

Gold fill — whole island. Dashed outline — room stay.

	ROOM	WHOLE
WHO ELSE IS THERE	13 / 20	16 / 20

Room stay — thirteen club rooms and suites, plus the island's homeowners in some forty houses.
Whole island — one group has the club to itself; homeowners in residence stay in residence.

WHO CAN GET IN	15 / 20	16 / 20

Room stay — no public ferry, no causeway: the island's own boat or its private airstrip.
Whole island — the club closes to other bookings; the boat and airstrip serve the group.

SPACE TO DISAPPEAR	17 / 20	18 / 20

Room stay — 800 acres and a two-mile beach for a population counted in dozens.
Whole island — the whole 800 acres: Clubhouse, pool, spa and beach, for one group.

OUT OF SIGHT, SOUND & TRAFFIC	15 / 20	15 / 20

Room stay — no cars; the soundscape is sea and wind. Boats work the banks around.
Whole island — a buyout changes who is on the island, not where it sits; Providenciales lies west.

INVISIBLE SERVICE	14 / 20	16 / 20

Room stay — a full Relais & Châteaux team; service warm and sociable by design.
Whole island — the whole club team and its events planners for one group; a staffed resort, visibly run.
